

## MULTIMEDIA EQUIPMENT

The growing market for multimedia products has in turn sparked a steadily climbing demand for holders and stands for diverse purposes.

For example, monitors of all shapes and sizes need to be mounted on shop ceilings, on the walls of trade fair stands, or presented on stands in entrances.

König & Meyer offers flexible holders and stands for nearly every purpose in unmistakable designs and the usual high-quality workmanship.

Screw-on to	tube diameter up to 30 mm
Swivel	90°
Adjustment	tension spring

#### Order No.

black 19740-000-55

A distinctive tensioning mechanism means this holder is suitable for attaching tablet PCs like iPad, iPad Air, iPad mini, Amazon Kindle, Samsung Galaxy Tab, Google Nexus, Asus Transformer or Microsoft Surface in size from 120 to 220 mm to a shaft diameter of max. 30 mm. The holder is equally suitable for tablets with a protective sleeve or case. A tension spring allows the tablet to be clipped in and removed from the holder easily and quickly. The holder does not affect the functioning of the operating controls. The felt-protected adjustable bracket provides extra security. The tablet holder can of course be switched between portrait and landscape format and potential slippage is prevented.
